## GLENDALÉ WARNS AGAINST SUSPICIOUS BALLOT COLLECTION ACTIVITY

GLENDALÉ, Ariz. – The Glendale City Clerk’s Office has received calls about people offering to gather and help complete early ballots for the general election in some Glendale neighborhoods. The City of Glendale and the Maricopa County Elections Department are not participating in any neighborhood collection projects and warn residents to protect their vote.

“We want to make sure every vote is counted and tallied the way it was intended,” said Darcie McCracken, Glendale’s Deputy City Clerk. “Safeguarding your ballot and your vote by making sure it is received is so important.”

The City of Glendale urges residents voting with an early ballot to take their ballot to a post office or to the City of Glendale’s Ballot Box at the City Hall building at 5850 W. Glendale Ave. through Oct. 31 at 5 p.m. For an early ballot to be counted in the General Election it must be received (postmarks do not count) by 7 p.m. on Election Day. After Oct. 31, early ballots can be dropped off on Election Day at any polling location. For polling locations across the city of Glendale click [here](#).
